

Data Sources for This Report

CoC: AZ-502 Phoenix, Mesa/Maricopa County CoC

The CoC Profile includes data from Point-in-Time (PIT) Count, Housing Inventory Count (HIC), Annual Homeless Assessment Report (AHAR), and Homelessness Pulse report data entered into HUD's Homelessness Data Exchange (HDX). The data in this report is limited to data that has been finalized and determined to be useable. For each report type, all data sets that have been entered into the HDX are listed below, along with information that identifies whether or not the data is included in this report. Some fluctuations in numbers may be attributable to data that was excluded.

For CoCs which have merged, this report will only include data submitted under the current active CoC name and number. Data profile reports from merged CoCs may show significant increases in beds, units, and people, since only the data from the active CoC is being posted to the report.
