

HUD REPORTS IN OPEN PATH HMIS

RUN HUD REPORTS, SEE THE HISTORY OF ALL REPORT RUNS, AND DOWNLOAD REPORTS IN OPEN PATH

Purpose: This document is specific to the HUD Reports functionality in the Open Path HMIS Warehouse.

- A. Choose “HUD Reports” on the **Reports** dropdown menu.
- ❖ Reporting is completed in a separate site window linked to your HMIS account. This reporting access is through the warehouse functionality of the new software.
 - ❖ Alternatively, use https://az-warehouse.openpath.host/users/sign_in to access the Open Path Arizona Data Warehouse for reporting access.

- ❖ The default first page that appears will be the last page that you accessed.

- B. Each HUD Reports report has an explanation of the report.

Example:

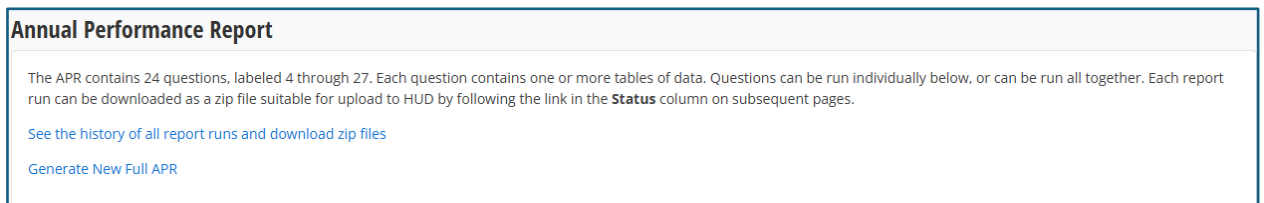

Annual Performance Report
The APR contains 24 questions, labeled 4 through 27. Each question contains one or more tables of data. Questions can be run individually below, or can be run all together. Each report run can be downloaded as a zip file suitable for upload to HUD by following the link in the Status column on subsequent pages.
Housing Inventory Count
As of FY2024, the Housing Inventory Count is generated from a one-day LSA .
Coordinated Entry Annual Performance Report
The CE-APR contains 7 questions, labeled 4 through 10. Each question contains one or more tables of data. Questions can be run individually below, or can be run all together. Each report run can be downloaded as a zip file suitable for upload to HUD by following the link in the Status column on subsequent pages.

Section 1: “Generate New” report

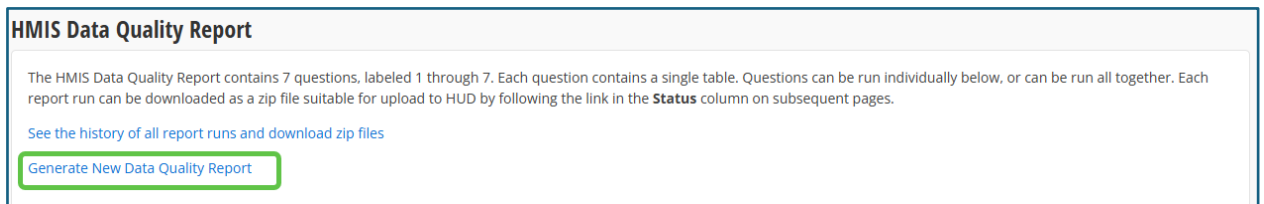

1. Click the name of any report. It will link to report options.

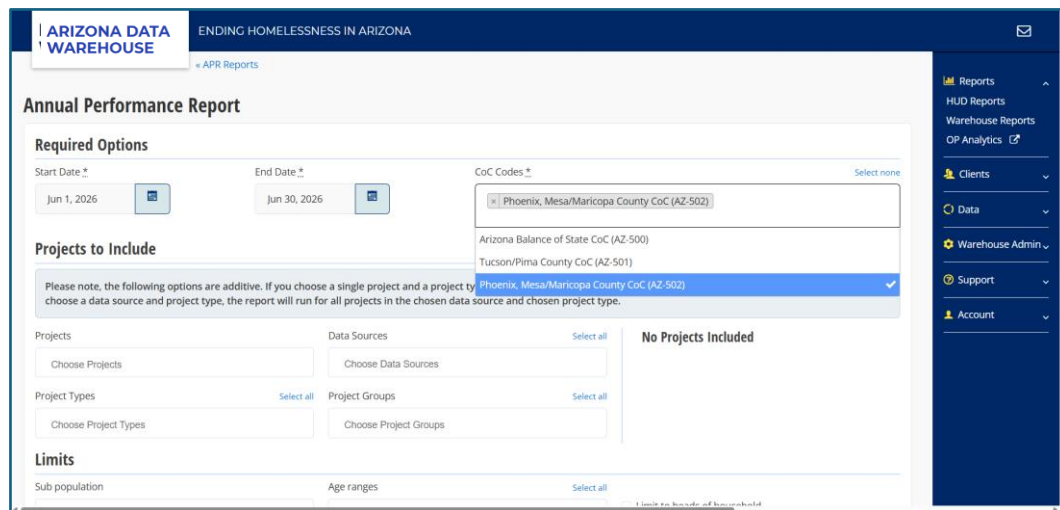

2. The HUD Reports tool has options to see the history of reports that have previously been run and options to download all or parts of the reports. More details on this later.

3. Click “Generate New...”

4. Common to all HUD Reports are the **Required Options** fields
 - a. Start Date and/or End Date.
 - b. CoC Codes

- c. Some fields, like CoC Codes, are an “**additive field**”. More than 1 can be selected, returning information for any and all of the selected options.

5. **‘Projects to Include’** filter options section include further explanation of the additive fields:

Projects, Data Sources, Project Types, and Project Groups are additive fields. Choose 1 or multiple options and see them appear in the **Project(s) Included** box on the Right side of the screen. All **Project(s) Included** are subject to your assigned visibility. Only projects in your visibility will appear. None of the **Projects to Include** fields require any of the other fields to be selected.

a. **Projects**

➤ **NOTE:** Choose any Agency (“select all”) will load all projects in the agency.

You will receive an email notification of the completed report. The notification has a link back to the report in Open Path Reporting.

1. Returning to the HUD Reports dashboard, look to the area below the report explanation where the **Question** is defined:

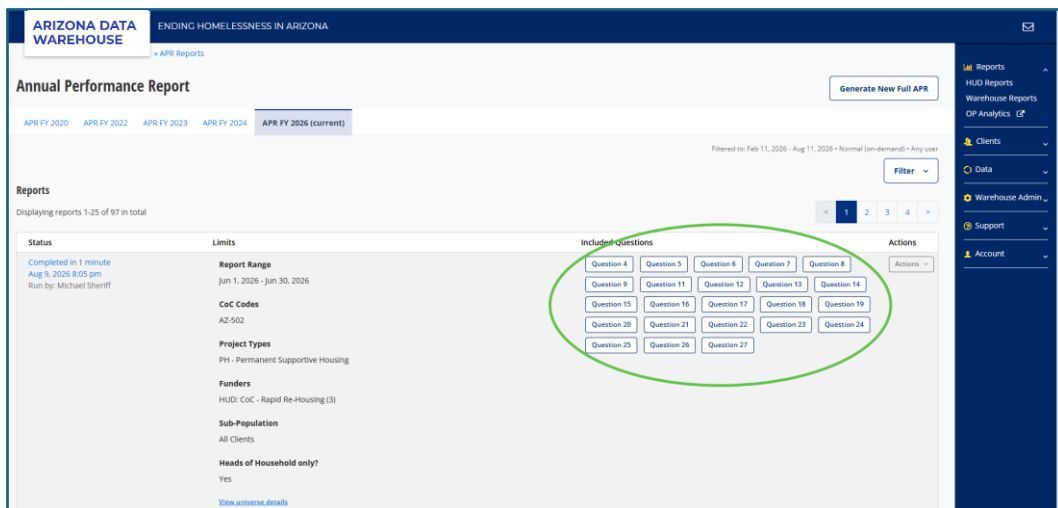

A screenshot of the "ARIZONA DATA WAREHOUSE" dashboard. The left sidebar lists "HUD Reports" including "Annual PATH Report", "Annual Performance Report", "Consolidated Annual Performance and Evaluation Report", "Coordinated Entry Annual Performance Report", "HMIS Data Quality Report" (highlighted), "HOPWA CAPER", "Housing Inventory Count", "Longitudinal System Analysis", "Point in Time Count", and "System Performance Measures". The main content area shows the "HMIS Data Quality Report" with a description: "The HMIS Data Quality Report contains 7 questions, labeled 1 through 7. Each question contains a single table. Questions can be run individually below, or can be run all together. Each report run can be downloaded as a zip file suitable for upload to HUD by following the link in the Status column on subsequent pages." Below this is a table with 3 columns: "Question", "Last Run", and "Status".

Question	Last Run	Status
Question 1 Report Validation Table	Jul 31, 2026 4:08 pm by Michael Sheriff	Completed in about 2 hours
Question 2 Personally Identifiable Information (PII)	Jul 31, 2026 5:06 pm by Michael Sheriff	Completed in 39 minutes
Question 3 Universal Data Elements	Jul 31, 2026 5:06 pm by Michael Sheriff	Completed in 39 minutes

Section 3: CoC APR Reference Info

A. Answers to common data elements questions available in CoC APR

1. General Program Details

Q4a Project Identifiers in HMIS

Cells labeled A through L are project descriptors elements specific to the selections to the Project(s) Included window	
A. Organization Name	H. Affiliated with a residential project
B. Organization ID	I. Project IDs of affiliations
C. Project Name	J. CoC Number
D. Project ID	K. Geocode
E. HMIS Project Type	L. Victim Service Provider
F. RRH Subtype	M. HMIS Software Name
G. Coordinated Entry Access Point	
Cells N through Q are report date parameters and counts of clients active in the project(s).	
N. Report Start Date	P. Total Active Clients
O. Report End Date	Q. Total Active Households

➤ **24e – Sex** is the FY26 added question for Male or Female with and without children.

2. Client Counts, Stayers, And Leavers

Total counts of clients served during the reporting period with demographics breakdown counts such as adults, children, veterans, and chronically homeless (**Q5a Report Validations Table**).

➤ The Count of Clients for DQ and Count of Clients columns should be the same for all project types except SO projects where no engagement date is required.

3. Data Quality Information

Counts of complete, incomplete (Client doesn't know, Client prefers not to answer), and missing (blank or Data not collected) data responses for UDE Demographics Assessment questions

Q6a PII	Q6b UDE	Q6c Income and Housing
Name (3.01)	Veteran Status (3.07)	Destination (3.12)
Social Security Number (3.02)	Relationship to Head of Household (3.15)	Income and Sources (4.02) at Start, Annual, Exit
Date of Birth (3.03)	Disabling Condition (3.08)	
Race/Ethnicity (3.04)	Q6e Timeliness	Q6f SO and ES
Q6d Chronic Homelessness	Count of records at Entry, and Exit at 0, 1-3, 4-6, 7-10, and greater than 11 days.	Client contacts (Adults and Heads of Household in SO or PATH-funded SSO)
Count of records by project type		Bed Night – night-by-night ES

Counts of clients by the Program Data Descriptor Elements (PDEs) Income, Non-cash benefits, Disabilities, and Insurance (Q16 through Q21).

➤ Q16-Q19 displays answers to common Income questions:

- Counts of clients with and without income,
- Income sources,
- Number of clients without and not yet required to have an annual assessment,
- Income change at Start and Exit.

4. Exit Destinations

Q23c-Q23e have counts of all **Exit Destinations** and by Subsidy type, and by Race and Ethnicity.

Q27f1 has counts of RHY destinations, and Q27f2 has *Exit Destination - Subsidy Type of Persons Exiting to Rental by Client With An Ongoing Subsidy-Youth*.
